VOYA PLAN 553445
Your Investment Program- Plan related Information
December 06, 2024

The purpose of this document is to summarize certain plan-related information regarding the plan's investment options and fees to be paid in connection with plan services or options selected. It is intended to be read along with the comparative chart of Investment-related Information. These summaries are not intended to replace the Summary Plan Description (SPD), or the investment product information provided separately by Voya.

This summary is intended for the sole purpose of complying with the disclosure requirements of Department of Labor regulations under §2550.404a-5. Please refer to your plan's disclosure materials prior to making investment decisions. Fees are subject to change from time to time. If there is any conflict between this summary and the governing plan agreements, then the governing plan agreements will control. Contributions to the plan can be invested in a variety of investment options and you may have one or more forms of distribution to choose from. You will receive periodic statements that will include account values, unit values, and fees deducted. You will also have access to your account through Voya's Customer Contact Center and participant website.

Where and How to Give investment instructions

The plan permits participants to direct the investment of contributions.

After you have enrolled in the Plan, you may direct your investments by accessing Voya's plan participant website at www.voyaretirementplans.com or by calling the Voya Retirement Services Customer Contact Center at 1-800-584-6001.

| Separation from Service and Plan Termination Distribution Processing, one-time charge per distribution : | \$50.00 | Voya |
| Stop Payment, per occurrence : | \$50.00 | Voya |

*The above fees are subject to change from time to time.

Fund Revenue Requirement

Your plan is subject to a Fund Revenue Requirement of a stated percentage of Plan assets. Voya shall apply to this requirement the revenue Voya receives from mutual fund companies for services rendered on behalf of the Plan. Such revenue shall include 12b-1 revenue, sub-transfer agency fees, and any administrative service fees paid to Voya by the mutual fund companies. If Voya receives less than the required revenue annually, the Plan may be billed the difference between actual and required revenue. The employer reserves the right to assess a revenue shortfall against participant accounts. Amounts deducted, if any, will be done so on a pro-rata basis across all participant accounts, and will be shown on your quarterly participant statement.

Additional Disclosures

Fees may be assessed against your account if you elect optional transactions or service programs, or for third party services. The amount of any fees actually deducted from your account will be shown on your quarterly employee statement or confirmation.

These expenses may be paid, in whole or in part, from revenue sharing payments that the plan receives from the plan investment options. If revenue sharing payments are received, then only those expenses not offset by any revenue sharing payments will be deducted from your account.

Document Summary

This document has 2 parts. Part I consists of performance information for plan investment options. This part shows you how well the investments have performed in the past. Part II shows you the fees and expenses you will pay if you invest in an option.

Part I. Performance Information

Table 1 focuses on the performance of investment options that do not have a fixed or stated rate of return. Table 1 shows how these options have performed over time and allows you to compare them with an appropriate benchmark for the same time periods. Past performance does not guarantee how the investment option will perform in the future. Your investment in these options could lose money. Information about an option's principal risks is available on the Web site[s].

All funds assume reinvestment of all dividends (ordinary income and capital gains) and are net of management fees and other fund operating expenses as well as separate account charges where applicable. The numbers may also reflect maintenance fees, administration fees, and/or deferred sales charges, if your contract is funded through a registered separate account. The table shows how these options have performed over time and allows you to compare them with an appropriate benchmark for the same time periods. Note that the benchmark performance does not reflect the fees and charges associated with the product and investment options in your particular contract.

Part II. Fee and Expense Information

Table 3 shows fee and expense information for the investment options listed in Table 1 and Table 2. Table 3 shows the Total Gross and Net Annual Operating Expenses of the options in Table 1. Net Operating Expenses are reduced by fund waivers and adjustments, when applicable. Annual Operating Expenses are expenses that reduce the rate of return of the investment option. Table 3 also shows Shareholder-type Fees. These fees are in addition to Annual Operating Expenses. To find additional information about your investments, please see applicable fund information in the appropriate documents made available to you (e.g. prospectus, Fund Fact Sheet, fund information section on the plan's web site, etc.).

Voya "Excessive Trading" Policy

Voya actively monitors fund transfer and reallocation activity within its variable insurance and retirement products to identify Excessive Trading. Voya currently defines Excessive Trading as: a) More than one purchase and sale of the same fund (including money market funds) within a 60 calendar day period (hereinafter, a purchase and sale of the same fund is referred to as a "roundtrip"). This means two or more round-trips involving the same fund within a 60 calendar day period would meet Voya's definition of Excessive Trading; or b) Six round-trips within a twelve month period.

Each fund available through Voya's variable insurance and retirement products, either by prospectus or stated policy, has adopted or may adopt its own excessive/frequent trading policy. Voya reserves the right, without prior notice, to implement restrictions and/or block future purchases of a fund by an individual who the fund has identified as violating its excessive/frequent trading policy. All such restrictions and/or blocking of future fund purchases will be done in accordance with the directions Voya receives from the fund.

Voya's Excessive Trading Policy does not apply to Employer Stock Funds, Fixed Account, Fixed Plus Account, Guaranteed Accumulation Account or Stabilizer.

The cumulative effect of fees and expenses can substantially reduce the growth of your retirement savings. Visit the Department of Labor's Web site for an example showing the long-term effect of fees and expenses at http://www.dol.gov/ebsa/publications/401k_employee.html. Fees and expenses are only one of many factors to consider when you decide to invest in an option. You may also want to think about whether an investment in a particular option, along with your other investments, will help you achieve your financial goals.

Please visit Voya Retirement Plans Website at <https://www.voyaretirementplans.com/fundonepagerscolor/DisclosureGlossary.pdf> for a glossary of investment terms relevant to the investment options under this plan. This glossary is intended to help you better understand your Options.
